

2025 Nursing and midwifery renewal – important changes to this year's renewal

Set up your Ahpra portal now

Ahpra has introduced a new online portal.

You will need to set up your Ahpra portal using multifactor authentication before you renew:

1. download Google Authenticator app to your mobile phone
2. set up your Ahpra portal and link Google Authenticator to your portal
3. follow the prompts in the alert on your portal dashboard to renew

Hot tips for this year's renewal

- Have your Ahpra username and password ready (check last year's renewal reminder)
- Use two devices:
 - Laptop or desktop computer to complete your renewal – the renewal form is designed for a larger screen
 - Mobile phone for multifactor authentication – you will need it every time you log in to your Ahpra portal
- Scan the QR code for how-to guides to setting up your portal and multifactor authentication
