

BOSSnet eProgress Note Go-Live

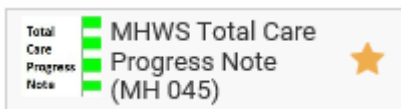

The implementation of direct-entry eProgress notes in BOSSNet replaces handwritten notes in BOSSnet and will enable staff across Western Health to have immediate access to our clinical documentation.

In the case of a BOSSnet outage, staff will revert back to the hard copy total care progress notes. In these instances, the hard copy progress notes should be scanned ASAP to ensure the flow of clinical documents within the record.

For further information or queries, please contact the MWAMHS - Health Information Managers at MWAMHS-HealthInformationManagers@mh.org.au

Mental Health and Wellbeing Services eForms

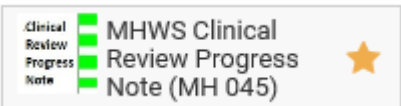

MHWS Total Care Progress Notes

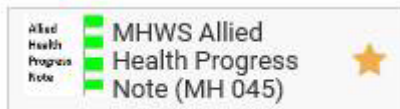

MHWS Medical Review

MHWS Clinical Review

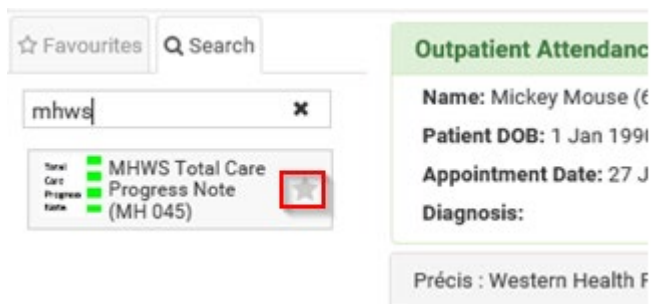

MHWS Allied Health Progress Notes

To Add MHWS eForms to the BOSSnet favorites bar

- Left click on the consumer
- The precis page will appear
- Click on the search box
- Type in **MHWS**
- Click on the note you would like to place in your favorites
- Click on the star to ensure the form appears in your favorites tab

Once submitted, the form will appear in the record (see below screenshot)
